

Fire Safety Consultants & Engineers

The effort to make this course booklet and brief training on Basic Fire Safety is to create awareness amongst people, specially security guards, occupants of high rise buildings, trainees etc.

Since I am in this field for more than 39 years and having experience in field of Fire Fighting, Fire Protection/ Prevention, and Training I feel that I can give justice to Fire Safety Training. I do not intend to make Fire Engineers, Fire Officers or Fireman, but only create awareness amongst people by way of which life and property can be saved. This awareness is the goal to be achieved through this course.

Regards,
Mr. Kiran A. Kadam
Director (Ex-Chief Fire Officer, Mumbai Fire Brigade)
Recipient of medals from President of India for:
1. Gallantry Medal in year 2001
2. Meritorious Service Medal in year 2006
3. Gallantry Medal in year 2008
